| 2. Debbi Mahler - 2:23.41-Porsche 911 | : | |
| 3. Penny Schettler - 2:24.55-Mini | : | |

Another Hill has come and gone, it had some nice surprises. We want to extend Congratulations to Jerry Hubbard for making King of the Hill and having the top time of the weekend. He motored his Lola Super Vee up the Hill Saturday Morning with a 1:44.29. Even though he had some bad luck with blowing his engine up Saturday evening his time held throughout the weekend. This is his first time as King of the Hill.

Mary Callaway maintained her Queen of the Hill status with a 1:49.94 in her Spartan FF. She is the first women to break into the 1:40's. This makes the fourth time running that Mary has taken Queen of the Hill. She makes the women at the Hill look better every year. Thank you for being such a racey person, Mary.

We had four women under the two minute mark which means we must be getting better. (yours truly even made it this year)

We broke 5 class records and set 3 class records. Larry Freeman, Bill Moore, and Steve Frey broke their own Hill records from last year. Richard Anderson powered his Camaro to a 1:47.22, beating last years class record in A Sedan by almost three seconds. Don Poor in his Porsche 912 broke last years class record in E Prod by 4 seconds. Ed Callaway in his Spartan FF broke the class record from last year by almost 3 seconds. Terry Hinesly broke last years Hill record in SSA by 12 seconds. New class records were set in SSC, SSB, and Form B.

We had 25 people under the two minute mark which is another new record.

C.R. C. Prod
