Sports and Imports wishes to thank each and every person who participated in this 17th Annual event. This was one of our most successful yet. There were no mishaps and only one pink elephant. We are sorry for the breakdowns that occurred during the runs, we do hope to see all repaired and on the road again real soon. There were many new drivers this year, we hope you all enjoyed the Keno Hillclimb and will return next year.

Congratulations to Terry Hinesly, who took King of the Hill for the second year and to Sheila Kundlin, who took Queen of the Hill in a car she had never driven before.

See you next year
