20TH ANNUAL KENO HILLCLIMB

Thank you all for attending our twentieth hill! There were 12 new hill records set in 1986-this includes our finally recognizing Doug Pulvers Formula V record he set in 1982 of 1:59.16. Our apologies to Doug for not correcting this much sooner.

Our Saturday party was well attended. There were videos to entertain, including one of Bonnie Mueller's, showing everyone how not to take take #3.(For her efforts Bonnie received the Dumb Shit award at the awards ceremony,well deserved) Also it should be mentioned again that Wayne McGaughy should have watched the video,as he apparently tried the same manuever on Sunday,only a little more spectacular!!

The hotly contested class this year was SSA with .8 second separating 1st to 3rd. The Jim Wiedeman trophy for the most improved novice went to Ron Lyon in SSA with a new hill record also. Fine driving!

The Jim Wiedeman trophy for Sportsmanship went to Rich Derry who loaned his car to Doug Pulver after Louise made an untimely pit stop at Corvette corner. I am sure everyone including Jim would agree with our selection of the receipient. The award is presented by Freezout,Bogus Basin,Keno,and Mary's Peak and will be given each year at Keno to the one we deem the best sportsman.

Tom Meyers in his Toyota powered Chevron gained a measure of revenge over Rod Gould(who nipped him the week before at Freezeout) and his first ever King of the Hill at Keno with an excellent run of 1:38.86.

Merlene Fletcher in the pretty little Honda powered DSR took her first ever Queen of the Hill with a 1:54.19.

Thanks go expecially to our many workers including those who came from out of town just to work,including Fred Champion,Fred Stuewe,Eileen Kelly,Rick Burkhart,Faye Curtis,and Betty Hoff. Other workers who we'd like to thank include Dan McKennie,Roy & Betty Plank,Don & Hazel Casper,Mike & Shirleen Bailey,Dave Simington,Jim Whitlock,Ron Lyon,Bill Watson,Harry Pulver,Bill Moore, Andy Anderson,Art Tegger,Chris Rookstool,Doug Milota, Louise Pulver, Pete Kuckenber,Harvey Santos,Mike McClellan,Iva---,Bob Wilson, Bill Holtzclaw,and Ray Clinton,our EMT. I know we've forgotten someone and we apologize. We love you all.

Many many thanks go to the BLM and in particular Fred Tomlins who personally delivered our permit! It is super to work with these people as they really do care.

*See you next year!
Jim & Bonnie Mueller, Dan McKennie*
