Another Larison Hillclimb is in the record books. We had it all this year, thrills, chills and oil spills.

There were no new members in the sub two club this year,. but we had new hill records in DS, GS, BSP, ESP, OSP, GT4, GP, S2000, and EP.

The battle for marital supremacy was definitely lopsided towards the "gentler sex" as all the husbands went down to defeat, and the Queen of the Hill, beat the King of the Hill.

Bonnie Mueller, the Queen of the Hill also broke the ladies hill record by two seconds with a blazing run of 1:48.564.

Again we want to thank all the donators to this event, whether you donated your time, equipment or your cash and prizes. We couldn't survive without you. Also thanks go to the people and businesses of Oakridge for your wonderful hospitality.
